

Munich RE Insurance & Eurener

What is it?

The insurance provides coverage to Eurener's guarantees: Assurance of Guarantee.

What are Eurener's guarantees?

The market's highest:

- 10 years manufacture warranty
- 90% nominal power: up to 12 years
- 80% nominal power: up to 25 years

What Eurener modules are insured?

All the modules manufactured from 1st March 2010.

Who is Munich RE?

It's the largest global reinsurer. It's German, specialised in industrial insurances.

Why insured by Munich RE

Eurener has passed a rigorous technical audit on the raw materials used, machinery and the developed manufacturing process. Other manufacturers have not passed the audit and do not possess such insurance.

A unique assurance on the market of its kind

Other companies cover only installations or specific modules, but Munich Re insurance covers all the type of modules, wherever they will be installed.

How is guaranteed

Eurener provides a certificate issued by Munich RE that credits the existence and validity of the insurance.

Advantages

The client has the security of acquiring the most reliable photovoltaic modules on the market, and that Eurener will vouch for the guarantees at any time.

Forever yours,
you will not have anything as safe.
